PROFESSIONAL SUMMARY

Frontend Developer and Graphic Designer experienced in building responsive web interfaces using HTML5, CSS3, and JavaScript, with strong UI/UX design skills in Figma, Adobe XD, and Canva. Skilled in translating wireframes into accessible, user-centered code. Experienced in creating visual assets and brand-aligned digital graphics for client projects.

SKILLS

Programming: C, JavaScript, HTML5, CSS3

Frontend Development: Responsive Web Design, DOM Manipulation, Cross-Browser Compatibility, UI Component Development, Version Control (Git/GitHub)

UI/UX & Graphic Design: Wireframing, Prototyping, User Research, Usability Testing, Design Systems, Visual Design, Brand Identity, Figma, Adobe XD, Canva

INTERNSHIP EXPERIENCE

Graphic Designer | The Social Magnet, Vellore

Jan 2026 - June 2026

- Implemented Canva and Adobe XD to design visual assets and social media creatives for client brands, ensuring consistent alignment with brand guidelines and visual identity.
- Implemented cross-functional collaboration with the marketing team, translating campaign briefs into engaging digital graphics deployed across multiple platforms.

UI/UX Design Intern | SkillCraft Technology, Mumbai

July 2025 - Aug 2025

- Implemented Figma to design high-fidelity UI mockups and interactive prototypes for web applications, improving design-to-development handoff accuracy.
- Implemented usability review processes and applied user feedback to refine navigation flow and visual hierarchy across multiple screens.

UI/UX Design Intern | Z2 Learn, Nagercoil

June 2025 - July 2025

- Implemented core UI/UX principles including wireframing, prototyping, and user flow mapping to design intuitive, user-centered interfaces.
- Implemented industry-standard design tools to build interactive mockups for mobile and web layouts, enhancing usability across devices.

Frontend Developer | M Squared Software & Services Pvt. Ltd, Thiruvananthapuram

July 2024

- Implemented HTML, CSS, and JavaScript to build a fully responsive Netflix-style streaming UI clone, focusing on layout accuracy and cross-device responsiveness.
- Implemented interactive UI components such as carousels and hover effects to replicate real-world front-end behavior.

PROJECTS

Event Management Website | [GitHub](#)

- Implemented a responsive event management website with event listings, registration, and detail pages using HTML, CSS, and JavaScript.
- Implemented wireframes and UI mockups in Figma before development to plan layout, navigation, and user flow.
- Implemented clean, mobile-friendly layouts with intuitive navigation, ensuring cross-browser compatibility.
- Technologies: HTML, CSS, JavaScript, Figma (UI design).

Uro Sense – Smart Health Monitoring Interface | [GitHub](#)

- Developed an IoT-based smart toilet system for automatic urine analysis, monitoring health indicators such as glucose levels, hydration status, UTI, Kidney Stone, and Alcohol consumption using sensors.
- Provided real-time wellness and health insights through a user-friendly mobile/web interface.
- Technologies: HTML, CSS, JavaScript, Figma (dashboard design), Arduino, IoT.

EDUCATION

B.Tech – Information Technology

8.01 CGPA | 2022 – 2026

St. Xavier's Catholic College of Engineering, Nagercoil

ACHIEVEMENTS

- Selected for Niral Thiruvizha 3.0 and awarded a grant of Rs. 15,000 for an innovative project.
- Won 1st Prize in Project Presentation at Tech Fest, conducted by SXCCE, with a cash prize of Rs. 5,000.
- Won 1st Prize in Web Development Competition at Arunachala College of Engineering for Women (ACEW).
